

Why Network Designs

NDI provides IT solutions to customers' unique IT problems.

NDI provides the FASTEST TURN-AROUND possible on complex IT projects—NDI SUCCEEDS 100% of the time.

NDI implements TESTED and RISK-FREE emerging technologies quickly and effectively to achieve increased productivity and revenue for our customers.

NDI principals provide management oversight to ensure superior, PERSONALIZED customer service.

NDI technical managers are SEASONED and have INSIGHT into the DoD & federal markets.

NDI technical staff not only are industry CERTIFIED, but also have a minimum of 3 years of HANDS-ON EXPERIENCE in the IT industry.

NDI is an EXPERIENCED and RELIABLE IT services provider with 7 years of excellent past performance to prove it.

Network Designs provides networked video surveillance, data and physical security, and computer forensics and training in support of Force Protection Initiatives and homeland security.

A **women-owned** business, Network Designs holds GSA Schedules, a Department of Commerce GWAC COMMITS contract, and multiple BPAs with the Federal Aviation Administration and with NAVFAC for IT services.
